OFFICE OF THE PRIVATE SECRETARY
TO H. H. THE MAHARAJA OF MYSORE
13 FEB. 1921

To,

The Senior Surgeon,
The Government of Mysore,
BANGALORE.

Through,

The Principal,
Medical School,
BANGALORE.

Honoured Sir,

We, the students of the Mysore Medical School, Bangalore request you to be so good as to place before Government with your strong support, the following resolutions of ours, passed at a General Meeting held at 6 P.M. in the Cubbon Park on the 11th inst. and get their favourable orders passed on them at least by the time the ensuing examination of the Final Year students comes off, so that they may also have the benefit of the longer course prayed for.

RESOLUTIONS:-

1. That the Government be requested to raise the course of our ~~student~~ studies to five years and to start us with better prospects and status.

2. That the Government be requested to get our course of studies recognised all over India.

3. That the Government be approached to reconsider their orders passed on our previous representation declining to sanction enhanced rate of scholarship and be requested to grant stipends at least at Rs.25/- each per month as the present amount is quite -- inadequate to meet even the ordinary requirements of the scholarship holders and as the majority of them can get little or no help from their parents who find it very difficult to make both ends meet in these days of famine and fabulous prices.

4. That the Government be requested to open immediately a hostel for the students of the school as this is an urgent -- necessity owing to the fact that many of the students are not properly housed and fed and that their attendance is more regorous than in other schools.

5. That a copy of the resolutions be submitted to the Principal of the School for being transmitted to the Senior Surgeon with his recommendations and that the Senior Surgeon be requested to support the resolutions and get the grievances redressed and prayer sanctioned.

We beg to remain,
Honoured Sir,
Your most obedient Medical students.

Letter No.Dis.B.391 dated 23-4-1921, from the Senior Surgeon, Mysore Govt.,Bangalore, to the Principal, Medical School, Bangalore.

---:oOo:--

His No.254 dated 22-2-21 forwarding with his own remarks a memorial from the students of the Medical School, praying for orders on certain resolutions passed at a general meeting of the students.

The following replies to the several resolutions may be communicated to the students:-

(1) The School exists primarily to meet the requirements of the Local subordinate medical service and the question of raising the course from 4 to 5 years is an administrative one to be left to the Department and the Government and not to the students.

(2) The pay and prospects of Sub Assistant Surgeons and other concessions to state Medical pupils have been fixed after due consideration of the local conditions and Government are not likely to reconsider their orders already passed in the matter.

(3) The question of getting the school recognised by the Medical Councils in British India is under consideration.

(4) Owing to the difficulty of securing a suitable building and the absence of a guarantee that a sufficiently large number of students would join the hostel, if opened, to make it self supporting, the question must lie over for the present.
